

Subject card

Subject name and code	Project Management, PG_00199471						
Field of study	International Economic Relations						
Date of commencement of studies	October 2026	Academic year of realisation of subject			2027/2028		
Education level	Master's studies	Subject group			Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	2	Language of instruction			Polish		
Semester of study	4	ECTS credits			4.0		
Learning profile	academic	Assessment form			credit		
Conducting unit	Division of International Financial Markets -> Department of International Business -> Faculty of Economics -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Maciej Krzemiński				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	0.0	0.0	30.0	0.0	45
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	45		0.0		55.0	100
Subject objectives	The aim of the course is to acquire knowledge of the conditions for conducting projects, including the principles of planning and analysis risks and monitoring project progress.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[MSGMU2_K06] is ready to independently identify, diagnose and responsibly resolve dilemmas and alternative solutions related to his/her profession and the development of professional achievements	Student participates with commitment in planning and implementing the project task.	[SK2] presentation/project/paper/report
	[MSGMU2_U06] can identify types of risks related to international operations of enterprises and correctly determine their consequences and methods of mitigation, with a skilful application of theory, using appropriate research method	Student is able to identify the types of risks associated with carrying out a project and correctly determine their consequences and methods of mitigating them	[SU2] presentation/project/paper/report [SU8] observation of student's independent or team work
	[MSGMU2_U09] can innovatively solve problems in the field of international economic relations and the functioning of economic entities on the international market, adapting existing or developing new methods and tools	Student knows methods and tools enabling the implementation of projects	[SU2] presentation/project/paper/report
	[MSGMU2_W09] has a knowledge of selected areas of the functioning of a modern enterprise in the national and international environment; understands the conditions, principles and consequences of decisions taken in its structures aiming at the development, and the dependencies among enterprises on the international market	Student knows methods and tools enabling the implementation of projects.	[SW2] presentation/project/paper/report
	[MSGMU2_W13] has an in-depth knowledge of methods and tools for describing economic phenomena, including data acquisition techniques, which make it possible to describe and analyse economic entities functioning on the international market as well as processes and phenomena occurring in them and between them, and also those supporting decision-making processes	Student understands the mechanisms of orderly, methodical project management. The student has in-depth knowledge of the conditions related to project management, including planning principles, risk analysis and monitoring project progress.	[SW2] presentation/project/paper/report

Subject contents	<p>1. Project planning and implementation. The initiation process and definition of the project. Project parameters. Identification of activities design. Preparing a plan for the implementation of a selected project. Feasibility plan. Organizational issues in implementation projects.</p> <p>2. Project scope management. Time and resource management in the project. Project budgeting, determination schedule and task grid.</p> <p>3. Human capital management in the project. Selection of the project team. Principles of teamwork in project implementation. Communication in project management. Ways to deal with a crisis in a project.</p> <p>4. Project control. Project change management. Monitoring the progress of design work and implementation of assumptions. Documentation, reports and reports.</p> <p>5. Identification of risk in the project. Risk management in the project.6</p> <p>. Quality management of project implementation.</p> <p>7. Project management tools. Leading project management methodologies. Project Management Institute (PMI) guidelines, project management: Waterfall, Agile, Scrum.</p> <p>8. Best practices in project management of selected industries on international markets. Identification and selection projects. Project portfolio management.</p> <p>Any doubts arising at the project creation stage will also be resolved during consultations.</p>								
Prerequisites and co-requisites	Basics of enterprise operation, ability to think logically and cooperate.								
Assessment methods and criteria	<table border="1"> <thead> <tr> <th data-bbox="453 1113 790 1144">Subject passing criteria</th> <th data-bbox="799 1113 1139 1144">Passing threshold</th> <th data-bbox="1149 1113 1485 1144">Percentage of the final grade</th> </tr> </thead> <tbody> <tr> <td data-bbox="453 1151 790 1243">Assessment of a project prepared in accordance with the design guidelines indicated during classes.</td> <td data-bbox="799 1151 1139 1243">51.0%</td> <td data-bbox="1149 1151 1485 1243">100.0%</td> </tr> </tbody> </table>	Subject passing criteria	Passing threshold	Percentage of the final grade	Assessment of a project prepared in accordance with the design guidelines indicated during classes.	51.0%	100.0%		
Subject passing criteria	Passing threshold	Percentage of the final grade							
Assessment of a project prepared in accordance with the design guidelines indicated during classes.	51.0%	100.0%
