| <b>Conducting unit</b>                             | Institute of Archaeology -> Faculty of History -> Rector   |  |                          |                                     |  |            |     |
| <b>Name and surname of lecturer (lecturers)</b>    | <b>Subject supervisor</b>  |  | dr hab. Seweryn Rzepecki |                                     |  |            |     |
|  | <b>Teachers</b>  |  |                          |                                     |  |            |     |
| <b>Lesson types</b>                                | <b>Lesson type</b>   | Lecture  | Tutorial                 | Laboratory                          | Project  | Seminar    | SUM |
|  | <b>Number of study hours</b>   | 30.0   | 0.0                      | 0.0                                 | 0.0  | 0.0        | 30  |
|  | E-learning hours included: 0.0   |  |                          |                                     |  |            |     |
| <b>Learning activity and number of study hours</b> | <b>Learning activity</b>   | Participation in didactic classes included in study plan |                          | Participation in consultation hours |  | Self-study | SUM |
|  | <b>Number of study hours</b>   | 30   |                          | 2.0                                 |  | 43.0       | 75  |
| <b>Subject objectives</b>                          | To familiarize students with the issues of the Neolithization process and the development of early agrarian societies in the Middle East and Europe. |  |                          |                                     |  |            |     |

|  |  |   |                                   |
|--|--|---|-----------------------------------|
| Learning outcomes  | Course outcome   | Subject outcome   | Method of verification            |
|  | [ARCHL3_U01] Is able to apply acquired knowledge to formulate and, through the appropriate selection of information sources and their critical analysis and synthesis, solve typical and selected more complex problems in the field of archaeology, as well as prepare content related to archaeological heritage   | The student is able to use the acquired knowledge: formulate and, through the appropriate selection of information sources, critically analyze and synthesize them, solve complex and unusual problems in the field of archaeology. | [SU4] test/exam - oral or written |
|  | [ARCHL3_K01] Is ready to critically evaluate his/her knowledge and received content  | The student is ready to critically evaluate the knowledge he possesses and the content he receives.   | [SK4] test/exam - oral or written |
|  | [ARCHL3_W02] Has advanced, chronologically and thematically organized general knowledge of archaeology   | student has advanced, chronologically and thematically arranged general knowledge of Neolithic archaeology.   | [SW4] test/exam - oral or written |
|  | [ARCHL3_W05] Has knowledge of the main issues in the prehistory of Europe from a comparative perspective   | The student has an advanced knowledge of the comparative prehistory of Europe in relation to the Early and Middle Neolithic periods.  | [SW4] test/exam - oral or written |
|  | [ARCHL3_U04] Can take part in a debate – present and evaluate various opinions and positions and discuss them using correctly professional terminology in the field of archeology  | The student is able to take part in a debate – present and evaluate various opinions and positions and discuss them correctly using professional terminology in the field of archaeology.   | [SU4] test/exam - oral or written |
|  | [ARCHL3_U06] Can plan and organize individual and team work  | The student is able to plan and organize individual and team work.  | [SU4] test/exam - oral or written |
| [ARCHL3_W03] Has advanced, structured detailed knowledge in selected areas of Polish and general archaeology | The student has advanced, structured, detailed knowledge of the Neolithization of the Near East and Europe and the main changes during the Early and Middle Neolithic in Europe.   | [SW4] test/exam - oral or written   |                                   |
| Subject contents   | Neolithic: definition, outline of the history of research, basics of periodization. Centers of Neolithic processes: why the Near East? Fertile Crescent: economic, social, and religious patterns of the Neolithic Old World. Neolithic demography. The Indo-European problem. Neolithization of Cyprus, Greece, the Balkans. The first farmers in Central and Western Europe. Neolithic of the North Pontic zone. Early metallurgy of the Near East and the Balkans. Younger Danubian communities in Central and Western Europe. Neolithization of the western shores of the Mediterranean Sea. Megalithism. Neolithization of the Central European Lowland and Northern Europe. Neolithic of the East European Lowland. Late Neolithic farming and pastoral communities. |   |                                   |
| Prerequisites and co-requisites  | Basic knowledge of the prehistory of Europe  |   |                                   |
| Assessment methods and criteria  | Subject passing criteria   | Passing threshold   | Percentage of the final grade     |
|  | test/exam  | 51.0%   | 100.0%                            |
