

Subject card

Subject name and code	Seminar I - DRYWA Anna, PG_00204131						
Field of study	Taxes and Tax Consultancy						
Date of commencement of studies	October 2025		Academic year of realisation of subject		2026/2027		
Education level	Bachelor's studies		Subject group				
Mode of study	full-time studies		Mode of delivery		at the university		
Year of study	2		Language of instruction		Polish polish		
Semester of study	4		ECTS credits		4.0		
Learning profile	academic		Assessment form		credit		
Conducting unit	Faculty of Law and Administration -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Anna Drywa				
	Teachers		dr Anna Drywa				
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	30.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		70.0	100
Subject objectives	The aim of the undergraduate seminar is to help students independently identify and analyse current, complex legal issues in the field of tax law, to search for and analyse research materials, and to prepare their undergraduate thesis, as well as to prepare them for its defence.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[PiDPL3_UO04] is able to plan and organize individual and team work, as well as cooperate with others in teamwork, in particular those appropriate for the application of public finance law and accounting (including interdisciplinary work, in particular legal and economic)	The student independently resolves a tax issue, which involves planning and organising their work in this area.	[SU2] presentation/project/paper/report [SU3] text preparation/written work
	[PiDPL3_KK01] understands the complexity of problems occurring in the field of public finance law, finance and accounting and related disciplines and therefore is ready to critically assess the knowledge possessed in this area and the content received. understands the importance of knowledge in solving cognitive and practical problems and - in case of difficulties in solving the problem independently - seeking the opinions of experts dealing with public finance law, finance, accounting and related disciplines (especially scientists, experienced tax advisors, accountants, lawyers dealing with disciplines other than tax law and balance sheet law), and if necessary, also expert specialists in disciplines other than legal and economic sciences	Students independently identify issues relating to tax law and gather and critically analyse relevant sources that will assist in resolving them. Students develop the ability to analyse complex legal issues.	[SK1] oral statement/conversation/discussion [SK3] text preparation/written work
	[PiDPL3_UW01] is able to use the acquired theoretical knowledge in the field of public finance law and accounting and related scientific disciplines in order to formulate and solve complex and atypical problems (e.g. validation and interpretative problems related to the application of public finance law, tax analysis problems or balance sheet problems), including performing tasks in conditions not fully predictable by: appropriate selection of sources (including, in particular, legal acts, doctrinal literature and case law) and information from them, assessment, critical analysis and synthesis, selection and application of appropriate methods and tools (including advanced information and communication technologies, e.g. using learned methods of legal interpretation using electronic databases of case law and literature to solve basic problems related to the application of public finance law)	The student applies their accumulated knowledge of tax law to identify unusual and complex issues in tax law, and is able to select appropriate sources to resolve these issues, including electronic sources. The student is able to use specialist databases for this purpose. The student attempts to critically analyse the sources gathered. Students develop skills in analysing complex problems. They are able to work with extensive source material. They are able to summarise legal regulations and the views of academic experts.	[SU3] text preparation/written work
	[PiDPL3_UK02] is able to communicate using specialist legal, financial and tax terminology, as well as participate in a debate on the problems of applying public finance law, finance and accounting - including presenting and evaluating different opinions and positions and discussing them	The student uses specialist terminology correctly in both spoken and written communication. They are able to express their thoughts clearly and effectively when analysing tax issues and participate in discussions.	[SU1] oral statement/conversation/discussion [SU3] text preparation/written work
	[PiDPL3_WK06] Knows and understands basic concepts and principles in the field of protection of industrial property and copyright	When preparing their paperwork, students act ethically and respect copyright.	[SW1] oral statement/conversation/discussion

Subject contents	A. Introductory lecture: 1. What is a bachelors thesis and what are its objectives? 2. Criteria for selecting the subject matter of a bachelors thesis and guidelines for formulating the topic 3. Identifying current issues in tax law 4. Requirements regarding the originality of a bachelors thesis 5. The issue of copyright and ethical considerations in preparing the thesis 6. Principles of collecting and discussing types of research materials 7. Research methodology 6. The nature of a research plan in legal studies 7. Structure of a bachelors thesis B. Individual seminar with the supervisor in the research area chosen by the students.		
Prerequisites and co-requisites	none
