

Subject card

Subject name and code	Master's Thesis Laboratory in Marine Geology III - laboratory, PG_00205026						
Field of study	Oceanography						
Date of commencement of studies	October 2026	Academic year of realisation of subject			2027/2028		
Education level	Master's studies	Subject group			Obligatory subject group in the field of study Optional subject group Subject group related to scientific research in the field of study		
Mode of study	full-time studies	Mode of delivery			at the university		
Year of study	2	Language of instruction			Polish		
Semester of study	4	ECTS credits			13.0		
Learning profile	academic	Assessment form			credit		
Conducting unit	Faculty of Oceanography and Geography -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr Agnieszka Marcinowska				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	135.0	0.0	0.0	135
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours		Self-study		SUM
	Number of study hours	135	6.0		184.0		325
Subject objectives	Carrying out research tasks related to the master's thesis; preparing and editing the manuscript.						
Learning outcomes	Course outcome		Subject outcome			Method of verification	
	[OCEANMU2-U08] is able to prepare a study of a given issue/ problem in Polish and a selected foreign language in written form (short scientific text, documented research work) and orally (paper, presentation) and discuss with specialists on topics related to oceanographic issues, with particular emphasis on the studied specialty		Can prepare a study in Polish and English on a given topic or problem in written form (short scientific text, documented research work) and orally (paper, presentation). Can present and justify analytical results and discuss topics related to oceanography with specialists, with particular emphasis on marine geology.			[SU3] text preparation/written work	
	[OCEANMU2-K04] is ready to critically evaluate his/her knowledge and received content in the field of natural sciences in particular in the field of the studied specialty, a in problematic situations, supports oneself with knowledge experts		He or she is prepared to critically evaluate his or her knowledge and understanding of the natural sciences, particularly marine geology. In situations requiring specialized interpretation, he or she is able to seek expert support and consult with appropriate specialists.			[SK3] text preparation/written work	
	[OCEANMU2-W09] knows and understands legal regulations regarding intellectual property rights and their application in scientific work		Knows and understands legal regulations regarding the protection of intellectual property and the principles of their application in scientific work.			[SW1] oral statement/ conversation/discussion [SW3] text preparation/written work	

Subject contents	The topics of the classes and the scope of research, laboratory, fieldwork, and literature tasks are determined individually by the student with the thesis supervisor, in accordance with the topic and specifications of the work being performed. The research results are analyzed, interpreted, and the thesis prepared.		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Progress in preparing the master's thesis manuscript	51.0%	80.0%
	The level of advancement of research carried out as part of the master's thesis	51.0%	20.0%
Recommended reading	Basic literature	Literature is selected individually for each student, in accordance with the instructions of the thesis supervisor.	
	Supplementary literature	Literature is selected individually for each student, in accordance with the instructions of the thesis supervisor.	
	eResources addresses		
Example issues/ example questions/ tasks being completed	Issues relevant to the prepared master's thesis.		
Work placement	Not applicable
