<b>Subject objectives</b>	Social education is an extremely difficult task. It is divided between family upbringing, kindergarten upbringing, school upbringing and self-development. The aim of the course is to familiarise students with the essence and conditions of social competences and to identify the determinants of social skills training. Students will learn how to strengthen social competences and will get to know the practical aspects of working with the TUS method.						
<b>Learning outcomes</b>	<b>Course outcome</b>		<b>Subject outcome</b>			<b>Method of verification</b>	
<b>Subject contents</b>	Essence and determinants of social competence. Emotional intelligence as a determinant of the effectiveness of social competence training. Motivators - determinants of the intensity of social training The role of the family environment in the formation of social competences (parental attitudes, parenting styles). Strengthening social skills (development of assertiveness, dealing with criticism and rejection, conflict resolution). Cooperation and negotiation. Managing self and people. Supporting the development of social skills among children with special needs. Bullying. The teacher's role in shaping children's emotional and social development. The TUS method. Practical aspects of working with the TUS method (diagnosis, group selection, methods, tools, lesson plans). TUS trainer's workshop - exercises developing social skills. Specificity of TUS in work with neurodiverse people.						
<b>Prerequisites and co-requisites</b>
