Learning outcomes	Course outcome		Subject outcome			Method of verification	
	[FGL3_K05] They are ready to responsibly perform professional roles in various areas of German Philology, including complying with professional ethics and intellectual property protection rules and requiring the same from others		He/she is prepared to adhere to the code of professional ethics applicable to the translation profession and is aware of a translator's responsibility for the quality of the translation.			[SK1] oral statement/conversation/discussion	
	[FGL3_K01] They are ready to critically evaluate the knowledge they have acquired during their studies in Germanic Philology and to what extent the content they have received corresponds to this knowledge		The student critically assesses their own knowledge of various types of functional texts, their specific characteristics and the communicative situations in which these texts occur, and is able to expand their knowledge where necessary.			[SK1] oral statement/conversation/discussion [SK3] text preparation/written work	
	[FGL3_U08] They possess basic skills in translating selected types of texts in the language pair Polish / German based on the principles of translation studies		They are able to translate standard and common functional texts from German into Polish and from Polish into German.			[SU3] text preparation/written work [SU4] test/exam - oral or written	

Subject contents	The topics covered in this course include the analysis and translation of various applied texts including, for example, an instruction manual for an appliance, a complaint, an advertising text, a protocol, a commentary, an invitation, a sports report, a private letter, a press release, a lawsuit. Materials for translation can be taken from websites, advertising leaflets, press texts, information from manufacturers of technical equipment and other sources, ensuring both a high level of content and modernity of texts. In translation, students use general and specialised dictionaries available in UG libraries and dictionaries available on the Internet.		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	evaluation of the credit test	51.0%	50.0%
	evaluations of translation work	51.0%	50.0%
