

Subject card

Subject name and code	Seminar II - NADOLSKA Aleksandra , PG_00174469						
Field of study	Taxes and Tax Consultancy						
Date of commencement of studies	October 2026		Academic year of realisation of subject		2027/2028		
Education level	Master's studies		Subject group		Optional subject group		
Mode of study	part-time studies		Mode of delivery		at the university		
Year of study	2		Language of instruction		Polish Polish		
Semester of study	3		ECTS credits		6.0		
Learning profile	academic		Assessment form		credit		
Conducting unit	Department of Financial Law -> Faculty of Law and Administration -> Rector						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Aleksandra Nadolska				
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	30.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		120.0	150
Subject objectives	To familiarise students with the methods, techniques and tools used to write a master's thesis in the field of tax law sensu lato, as well as to explain the essence of the research methodology used in such a thesis.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[PiDPMU2_U03] is able to communicate on specialized legal, financial, balance sheet and tax topics with diverse audiences, as well as conduct a debate on the problems of applying the law of public levies, finance and accounting	The student is able to communicate with a variety of people on specialist tax topics, as well as to engage in debate on issues relating to the application of tax law.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU6] demonstration of practical skills
	[PiDPMU2_U02] is able to formulate and test hypotheses related to simple research problems regarding the application of public levies law, tax analysis or accounting	The student is able to formulate and test hypotheses relating to simple research problems concerning the application of tax law.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU5] implementation of a problem task
	[PiDPMU2_U01] is able to use the theoretical knowledge in the field of public levies law and accounting and related scientific disciplines in order to formulate and solve complex and unusual problems (e.g. validation and interpretation problems related to the application of public levies law, tax analysis problems or balance sheet problems), in including innovative performance of tasks in unpredictable conditions by: - appropriate selection of sources (including in particular normative acts, doctrinal literature and case law) and information derived from them, assessment, critical analysis, synthesis, creative interpretation and presentation of this information, - selection and use of appropriate methods and tools (including advanced information and communication techniques, as well as methods and tools independently adapted or developed from scratch, e.g. the use of advanced methods of legal interpretation using electronic databases of case law and literature to solve problems related to the application of public levies law)	Students are able to apply their theoretical knowledge of tax law to formulate and resolve complex and unusual problems in this field by: selecting appropriate sources and the information they contain; choosing and applying suitable research methods; and creatively interpreting and presenting the content.	[SU1] oral statement/conversation/discussion [SU2] presentation/project/paper/report [SU3] text preparation/written work [SU5] implementation of a problem task [SU6] demonstration of practical skills
	[PiDPMU2_W06] knows and understands the concepts and principles of industrial property protection and copyright	The student is familiar with and understands the concepts and principles of tax law.	[SW1] oral statement/conversation/discussion [SW2] presentation/project/paper/report [SW3] text preparation/written work
	[PiDPMU2_K01] Is prepared to critically evaluate their knowledge and the content they receive regarding problems arising in the areas of public levy law, finance, accounting, and related disciplines. Is prepared to recognize the importance of knowledge in solving cognitive and practical problems and—if they encounter difficulties in solving a problem independently—to seek the opinion of experts in public levy law, finance, accounting, and related disciplines (especially scientists, experienced tax advisors, accountants, lawyers specializing in disciplines other than tax and accounting law), and, if necessary, also experts in disciplines other than legal and economic sciences.	The student is able to critically assess their existing knowledge and the content they have learnt regarding issues arising in tax law, and is prepared to recognise the importance of knowledge in resolving theoretical and practical problems in the field of tax law.	[SK1] oral statement/conversation/discussion [SK2] presentation/project/paper/report [SK5] implementation of a problem task [SK6] demonstration of practical skills [SK8] observation of student's independent or team work

Subject contents	1. Basic methods of scientific research and methods used in legal sciences. 2. Theses and hypotheses in scientific research. 3. The process of writing a master's thesis. 4. Layout and structure of a master's thesis. Choosing a thesis topic. 5. Editorial and technical requirements for a master's thesis. 6. Drawing up a plan for a master's thesis. 7. Preparing a master's thesis. 8. Presentation of the assumptions and conclusions of a master's thesis.		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Written assignment, attendance at seminars, completion of partial tasks	55.0%	100.0%
Recommended reading	Basic literature	1. Eco U., How to Write a Thesis: A Guide for Humanities Students, Warsaw 2008. 2. Pułto U., Master's and Bachelor's Theses: Tips for Students, Warsaw 2006. 3.
