Subject objectives	The aim of the course is to familiarize students with the description of English morphology and to improve the practical skills of morphological analysis of lexical items						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[FAMU2_W05] Knows and understands advanced terminology in the field of linguistics, in particular those used in English language studies.	The student is able to establish a connection between morphology and other domains of grammar, like phonology and syntax.	[SW4] test/exam - oral or written
	[FAMU2_U01] Can innovatively perform analytical and interpretative tasks, formulate and solve complex and unusual problems, and set and test simple research hypotheses in the field of English linguistics and research into English literature, using the acquired subject knowledge and linguistic and literary methodological and theoretical approaches.	The student is able to analyze data morphologically and to apply the theoretical knowledge to the analysis of natural language data.	[SU4] test/exam - oral or written
	[FAMU2_W03] Knows and understands in depth advanced research methodologies and theories in the field of English linguistics.	The student understands the main processes regarding morphological analysis.	[SW4] test/exam - oral or written
	[FAMU2_W07] Knows and understands to an in-depth extent selected issues constituting advanced detailed knowledge in the field of linguistics, including, in particular, research into the English language.	The student can discuss, using technical vocabulary, the main morphological processes of English and can relate them to Polish	[SW4] test/exam - oral or written
	[FAMU2_U06] Can communicate in speech and writing in English and Polish with diverse audiences on specialized topics in the field of linguistics and literature, also using advanced specialized terminology.	The student is able to use the terminology regarding morphological analysis.	[SU4] test/exam - oral or written
	[FAMU2_K01] Is ready to critically evaluate the extent of their knowledge and skills, in particular in the field of English-language linguistics and literature and English.	The student has acquired the analytical tools to understand complex research papers in the field of morphology	[SK3] text preparation/written work
	[FAMU2_U07] Can lead a debate on linguistics and literature within the framework of English Philology, present and evaluate various opinions and positions, and discuss them in English and Polish.	The student can assess the importance of various theories regarding morphological analysis	[SU4] test/exam - oral or written
