Subject objectives	The aim of the lecture is to introduce students to the legal foundations of state security. The law is the basis for the functioning of the Republic of Poland [Article 2 of the Constitution] and the security organs of a democratic legal state. Hence, the focus of the lecture will be on explaining the concept of state security, the role and importance of state security strategy in the modern world in the international context, the most important conditions and threats to state security. Special emphasis will be placed on the legal acts regulating the issue of security including state bodies and institutions established to protect the constitutional order.
