

10 Things to Do for Erasmus+ Exchange Students in Turkey

Before Departure

- 1- Obtain an acceptance letter for your study or placement from a Turkish University with an Interinstitutional Agreement between your receiving and home (sending) university. Get detailed information on courses/traineeship tasks and issue related documents such as Learning Agreement for Study/Traineeship , Student Grant Agreement etc. with mutual approval of your sending and receiving institution before mobility starts.
- 2- Apply for visa with a valid passport in due time at a Turkish Embassy/Consulate in your country . Entrance without visa is also possible for the citizens of some EU countries but you need to pay some tax and fee for making Residence Permit application in any case.
- 3- Take an online appointment for Student Residence Permit before your arrival (Compulsory for more than 90 days stay) Link: <https://e-ikamet.goc.gov.tr/>
Note: Student Residence Permit is cheaper than a short term residence permit.
- 4- Health Insurance is mandatory for residence permit. There are three options:
 - a) Health Insurance Policy issued at your home country should be in accordance with the below minimum policy content defined in Turkish Circular no: 9/2014 dated on 6/6/2014. The insurance certificate issued by a foreign company should be translated into Turkish with the approval of notary. However, in the case of host Turkish higher education institutions; if Erasmus Institutional Coordinator validate that the insurance certificate issued by a foreign company is in line with the minimum requirement stated above, the notary translation is not mandatory.
